ABHISHEK HS

Contact No. 8660210830
email id:abhiaklapura@gmail.com

Summary

Aspiring DevOps engineer with hands-on experience in Docker and AWS. Strong foundation in automation and system optimization. Proficient in machine learning, with several completed ML projects. Eager to contribute to a dynamic, growth-oriented team

Education

PES University
Bachelor of AI&ML (2022 - 2026)
Completed 4th semester

Skills

DevOps Fundamentals:
Version control: GIT, GitHub
Operating system: Linux, Windows
Scripting Language: Python, Bash
Container Tools: Docker
Cloud Platform: AWS

Machine learning:
Data Manipulation and Analysis: Pandas, NumPy
Data Preprocessing: Feature Engineering, Data Cleaning, Handling Missing Values
Machine learning and Deep learning algorithms

Programming Language: C, PYTHON , C++

CS Fundamentals: Data Structure and Algorithm

WORK EXPERIENCE

- **Seeking entry-level positions to apply academic knowledge and develop practical skills.**
- **Skilled in DevOps practices including automation using Bash, containerization with Docker, and cloud computing with AWS. Passionate about DevOps for its real-world challenges and ability to overcome many industry obstacles.**
- **Hands-on experience in machine learning, predicting wine quality using ML algorithms and data preprocessing, and plant disease prediction using deep learning CNNs with imbalanced datasets. Enthusiastic about ML for its innovative approach and potential to drive technological advancements.**
- **Participated in hackathons conducted by various clubs at PES University, significantly improving my technical skills and problem-solving abilities.**
- **Active member and Head of Logistics at APPEX club in college, demonstrating strong leadership, organizational skills, and a proactive approach to team management.**

SOFT SKILLS

Effective communicator

Problem Solving

Planner

Innovator
